

DWE4234

1500W SMALL ANGLE GRINDER - PADDLE SWITCH

Side positioned spindle lock gives greater protection to button when using in confined spaces

New gear case design for better efficiency and durability through an improved manufacturing process

No Volt Switch resets the switch (if locked in "ON" position) to "OFF" position when disconnected from power to avoid mishaps when starting of grinder

High density 4 P 55mm motor cool running, high efficiency, high performance
1500W Power provided

Dust ejection system removes majority of debris from the air which passes over the motor, preventing abrasion and tracking
2X MOTOR LIFE (vs. previous model)

Improved pop-off brushes design protect the armature from damage at the end of brush life resulting in greater motor durability
+65% +BRUSH LIFE

E-clutch reduces the max torque reaction transmitted to the operator if the cutting disc jams.
Soft Start reduces movement of the tool on startup increasing user control

Includes: side handle, 125mm safety guard, flange and clamp nut, hex key

DWE4234

Power	1500W
Max. Disc Diameter	115-125mm
Switch	Paddle
Weight	2.6Kg
Vibration - grinding	8.3 m/s ²
No-Volt	Yes
Soft Start	Yes
e-clutch	Yes
Variable Speed	No
RPM	11,000
Kitbox	No
